

New Students

We are so excited that you are considering placing your child in our preschool program at Asbury Weekday. Below you will find information about our classroom requirements, the new student application process, and registration and tuition fees.

Classroom requirements

- Students must be 18 months on or before September 1, 2022 (and walking) to attend Weekday.
- All students must have a current Alabama immunization record on file. (Religious exemptions are not accepted)
- Students attending our 3-year-old classes must be potty trained. This includes independence in using the bathroom facility without the use of daytime pull-ups.
- Students registering for our Prek, K-5 and Kindergarten classes must have attended a preschool program for at least one year prior to enrollment. These classes encompass a broader range of academic readiness.
- While we make every effort to accommodate each child, we may not be equipped to provide the best environment for your child to be successful. If your child requires special accommodations, please contact the Director to discuss prior to registering your child.

The Registration Process

- New students may register beginning **Tuesday, January 25th**.
- Registration is completed online via our webpage: weareasbury.com/weekday/registration
- Registration fees are submitted online and are nonrefundable
- A current Alabama immunization form is due in our office no later than 10 after completing our registration form.
- All tuition payments are paid via automatic draft. Automatic drafts are processed on the first of the month. Please have your banking information ready before you start the registration process.
- Once child is registered parents will receive an email with login information for our communication tool, **Asbury Central**, our primary means of parent communication.

Please remember: Your child is not officially enrolled for the 2022-2023 school until all required forms (including an immunization form) are received. Forms not received by the due dates will result in your child being dropped from the program.

Tuition and Fees
